Sharon and I are going to this Rally tomorrow for the President. Its a show of support. If we lose him from the White House, our country is dead. They are asking that folks Trump Train it over there with flags flying. This may be the last hurrah, or a final push to let people know we are not going down easily. Next step, I guess, if the Democraps throw out the Constitution, is Civil War.

We are going to win this election. I'm still praying. Was asked to be one of the speakers on Sunday. Sharon recorded it. Hope I wasn't too weird. You know how I am. Met some VERY interesting special operators there, some of whom are coming back in town this week for an op along the lines of what we discussed. Coming in numbers. You and Kenny should meet them. I am helping with intel and logistics. They are nation wide.

If we don't start mowing down masses of these shitballs they will come for all of us. Its kill or be killed I am afraid. I don't want to live in a communist country. I talked with SMG Ret. Randy Erp today about training on December 12th , at the Columbus County training site, we will have a great training weekend, one thing we are looking at vehicle operations,, road blocks,, vehicle recovery, convoy operations,, not far from the training area is a paved road through the green swamp, this would be a great area to to train at real time,, not hardly any traffic on Sunday morning,,, we also want to train at setting up hasty ambushes,, and reacting to ambushes, but the first thing we are going to do is fall into a formation when we assemble,,

Shawn! Can't believe I just thought of this:  
how many people either in the militia or  
not (who are still supportive of our efforts

sure) we could have our Quick Response

Matt, I am meeting 6p.m. with officers of Blue Ridge Militia. Your intro will be easier for me to arrange thereafter. Burning question: do you have any members of your community who have, or have contacts who have a boat we could have in the Potomac on the 6th? Here's why: we are not going in with guns. However, we

1/2/2021 11:08 PM

*From:* Caldwell

have designated a Quick Reaction Force which will have all such things. If things went really bad and we needed to fight back to save lives, the QRF vehicle will have a hard time fighting through traffic to get to our guys. But if we had a boat standing by, the QRF could load the boat, ferry stuff to our waitin arms. If we had to get folks OUT, sick, hurt, just too cold, we

in and not get separated including in terms  
of the nightmarish parking. Could I  
respectfully ask you to put out the call? Its  
a way a patriot could help and we will  
compensate them, no worries. Thanks in  
advance for your help.  
could get them out

1/2/2021 11:08 PM

*From:* Caldwell

*To:* Matthew Truong

we could get them out via boat and our QRF vehicle could get them home or coordinate it. If someone had a commercial boat even, maybe we could hire it for the day (I would get the \$) and if traffic is just too brutal we could ferry people IN to the protest. I have 5 coming in from Ohio, 15 from florida. Going to be hard for us to drive

A large blue speech bubble with a white question inside. The bubble has a pointed tail at the top left.

As attendees or speakers or as security  
volunteers?

Just as volunteers, as far as I know noone is anticipating speaking. We are rifles, man power, warm bodies there to support the process and the President.

Hi Stewart,

Ed Vallejo wants to be a speaker. We are requesting a slot for him.

We need to now where staging is going to be for technical equipment and "supplies".

We are leaving AZ this morning ing.

Please advise.

Sir, this is Ed Vallejo. We must have copied your number incorrectly as we never received response to our text requesting campground address. We made it as far as Wrytheville VA & had to get a room. Please text location so we will know where to begin in the morning. Thank you kindly.

We will have several well equipped QRFs outside DC. And there are many, many others, from other groups, who will be watching and waiting on the outside in case of worst case scenarios.
